CAREER OBJECTIVE

Computer Science (AIML) student with strong skills in Python, Java, and SQL, seeking an opportunity to apply analytical and problem-solving abilities to develop efficient solutions and contribute to data-driven decision making.

EDUCATION

Rathinam Technical Campus Coimbatore	Sept 2023 - Present
B.E. CSE Artificial Intelligence and Machine Learning	CGPA 7.6
Chinmaya Vidyalaya Coimbatore	2022-2023
Higher Secondary Education (HSE)	81.8%

TECHNICAL SKILLS

- Java
- Data Structures & Algorithm
- Excel
- Python
- Database : Postgresql
- C

PROJECTS

Gym Routine Manager

- Developed a system to create and manage workout routines and track fitness progress. Enables users to organize exercises and monitor consistency over time.

URL Shortener

- Built a web-based URL shortener using Flask to generate and manage short links. Implemented database storage and efficient URL redirection.

WORKSHOP

Data Analytics Workshop - NIT Trichy Sept, 2025

- Worked on data analysis using Python and Pandas during a workshop at NIT Trichy, applying data visualization techniques to interpret datasets and extract meaningful insights, while gaining hands-on experience in analyzing data to support basic decision-making.

CERTIFICATIONS

EDA and Data Visualization Course in Data Science Scaler	Oct, 2025
Design Thinking for Innovation Coursera	Nov, 2025
Introduction to DataLab Datacamp	Jun, 2025
Oracle Certified AI Foundations Associate(OCI 2025) Oracle	Aug, 2025
